**Subject:** HB 1159--Civic Center Authority

In light of the enactment of this Bill by the 2004 Legislature (although no funding provided), it would appear that our current appointee's term on the Authority (Commissioner Thael) will cease on 6/30/04, and that 2 new appointees will have to be made, all by the Chair. The 2 (who need not be Commissioners, by the way, and I have some additional concerns about that as well) are to have one 2-year and one 4-year staggered terms starting on 7/1/04. Therefore, we need either have the Chair make those appointments by 6/30, or agenda it on the 6/8/04 BCC meeting.

Additionally, since the "old" Authority was repealed by this Bill, and a "new" one created, there is an issue as to the continuation of the existing Interlocal Agreement and amendments thereto. Since there was outstanding debt issued by the Authority (not the County), I presume it was intended that all such existing contracts and obligations continue, but the Bill is silent.

FYI.
